

BURNS MUST GO UP

Convicted of Burglary and Larceny Yesterday.

SENTENCED FOR SEVEN YEARS

First of the Plumb's Mill Trio Knows His Fate—Other News of the Court.

James Burns was convicted of burglary and larceny by the jury in Judge Adair's court at 11 o'clock yesterday morning, and at 2 o'clock sentence was pronounced on him. Judge Adair gave him a long talk and advised him when his term shall have expired to try to lead an honest life. The sentence was seven years in Jackson. Burns took his sentence very coolly and showed no outward evidence of emotion, with the exception of a frown.

At 10 o'clock yesterday morning the court-room was crowded with spectators to hear the verdict of the jury. It was thought that after an all night's deliberation the jury would be ready to come in at once, but such was not the case. Many of those who waited became tired and retired from the room. The jury rapped in at once at a little after 11 o'clock. How the jury stood during the deliberations could not be learned.

At 2 o'clock the court-room was again crowded to the fullest capacity. Judge Adair asked Burns his age, and learned that he was 25 years old. He told the presence that it would be possible to send him up for fifteen years, but owing to his youth he would make the sentence lighter. He then pronounced the sentence of seven years. None of Burns' friends except his brother were in the court-room at the time of the sentence.

Verdict Against Lamoreaux & Co.

The jury in the United States court yesterday in the case of H. A. Rice et al. vs. Boston against W. T. Lamoreaux & Co. of this city returned a verdict for the plaintiffs for \$5,500.43. The case arose in 1902 between the parties by which Lamoreaux & Company was to buy wool for the plaintiffs and ship it to Boston. Money was advanced for the purchase of the wool and at the end of the season Rice & Company claimed there was a shortage in the weight to the extent that Lamoreaux & Company was in debt \$5,000 for purchase money. It was claimed by the defendants that the shortage was due to the evaporation of the moisture from the wool after it had been shipped to Boston and other influences of the climate. The defendants were given twenty days in which to move for a new trial or to settle a bill of exceptions.

Sue for Her Allowance.

Helen M. Parker began suit yesterday in the circuit court against C. H. Gleason, guardian of her husband, John H. Parker, asking for separate maintenance. Not long since Mrs. Parker made application to have Mr. Parker adjudged insane. He was adjudged mentally incompetent and C. H. Gleason was appointed guardian. The guardian was ordered to pay to Mrs. Parker \$10 per week for maintenance, but the case was appealed to the circuit court. Mr. Gleason refuses to pay the allowance, so Mrs. Parker brings her suit.

Settled With the Company.

Rebecca Conley was discharged as executrix of the estate of her husband, Edward Conley, yesterday. Her final report shows that the Chicago & West Michigan Railroad company paid her \$1,200 on account of the death of her husband. Mr. Conley was killed by a Chicago & West Michigan train on West Bridge street about one year ago.

A COMMON TROUBLE

Catarh Complicated By An Ulcerated Throat.

Henry Fisher says he had catarrh and an ulcerated throat, and consulted a number of physicians, but only found relief and a cure when he consulted Dr. Rankin.

HENRY FISHER, 609 WEALTHY AVE.

Mr. Fisher is especially well known among the Holland residents of this city and many of them know how he suffered. He says: "For the past seven months I have suffered intensely from catarrh in the throat, the result of catarrh. My throat was hot and painful and I could eat nothing but soup. I felt as though someone was tearing it with sharp instruments. Nightly I would wake up with a feeling of strangulation. My throat was filled with a tough mucus that I found very difficult to loosen. I felt of twenty pounds as I could hardly swallow enough food to keep me alive. It even hurt me terribly to drink water. I was treating all the time, but gradually getting worse. A month ago a friend sent me to Dr. Rankin. He took hold of my case as though he knew what to do and in less than a month cured me. There is not a vestige of the trouble left, but I am sound and well. It has afforded me such radical results that I am anxious to give the doctor all the credit I can and urge every one suffering from any of these chronic troubles to consult him."

References to five hundred cured patients in this city alone.

Dr. Rankin is a graduate of Ann Arbor, and has had years of experience in his specialty.
